## *How do I check the calculations on my bill?*

#1 Figure out which Service Type you have &

#2 Fill in the formula below.

Service Type \_\_\_\_\_  
My usage \_\_\_\_\_  
Times x \_\_\_\_\_ Rate per \_\_\_\_\_  
Equals = \_\_\_\_\_  
Plus + \_\_\_\_\_ Facility Charge  
Total = \$ \_\_\_\_\_

### *SAMPLE - Residential Electric w/ 950 kWh*

Service Type Res Elect  
My usage 950  
Times x .121 Rate per kWh  
Equals = \$114.95  
Plus + \$ 19.80 Facility Charge  
Total = \$ \$134.75

### *What is a Facility Charge?*

A Facility Charge is the cost to have the service brought to the meter and ready to be used when needed. This charge covers the system maintenance and improvements to provide dependable service.

### *What is a Usage Charge?*

This is the cost for the actual metered utility (electric, gas, or water) that you have consumed. Sanitary Sewer has usage based off of the metered water.
